

## Large Plastic Garage Funnel and Filter

SKU: JC107FUN

### Description

This large, high-quality plastic garage funnel is an excellent alternative to a traditional spout, offering a more efficient and controlled way to deliver petrol or diesel fuel. It is particularly beneficial when paired with one of our wide-necked 10 or 20-litre Jerry Cans, ensuring easy and precise pouring without spills or mess.

### Specifications

Weight: 1.8kg
