

## Wastehog - 45 Litre Fresh Water Carrier

SKU: WASTEHOOG

### Description

The Wastehog 45 Litre Waste Water Carrier is a strong and durable container made from recycled material. It is designed for the collection and transportation of wastewater from a caravan or motorhome. The design incorporates an ergonomically designed handle for enhanced grip and ease of use. The container has a huge 45 Litre capacity and is one of the largest on the market. The product also includes a clever fold-down shelf so that the container can also be used as a trolley for a toilet waste tank of full bin liners etc.

### Key Features

- Large wheels for easy rolling
- Separate inlet/outlet caps for easy use
- Storage compartment for cleaners, bungees etc.
- Carrying platform
- Sleek ergonomic design
